## Life-saving equipment

- **THE BEST WAY FOR SAFE EXTENDED OFFSHORE CRUISING**
- **LIGHTEST AND MOST COMPACT**
- **MORE THAN 24 HOURS OF SECURITY!!**
- **LA MEJOR FORMA DE NAVEGAR DE FORMA SEGURA EN ALTAMAR**
- **EL MÁS LIGERO Y COMPACTO**
- **+ DE 24 HORAS DE SEGURIDAD!!**

# HERO OFFSHORE INTERNATIONAL

### The best way for safe extended offshore cruising.

ISO LIFERAFT: HERO OFFSHORE INTERNATIONAL is required for navigation over 60 miles from a shelter. This model was designed to be the safest, lightest and most compact on the market. It offers stability and resistance in extreme open sea conditions. It is designed to protect the passengers in conditions of open sea navigation and long cruising (where strong winds and significant waves can be met). Hero's Offshore offer safety and isolated protection in front of extreme conditions. A large entry / opening and a self-deploying canopy allow easy access on-board and a direct rescue from inside the raft. A grab bag including safety equipment is added to upgrade to more than 24 hours rescue pack.

### La mejor forma de navegar de forma segura en alta mar.

Se requiere ISO LIFERAFT: HERO OFFSHORE INTERNATIONAL para navegar más de 60 millas. Este modelo fue diseñado para ser el más seguro, ligero y compacto del mercado. Ofrece estabilidad y resistencia en condiciones extremas de mar abierto. Está diseñado para proteger a los pasajeros en condiciones de navegación en mar abierto y cruceros largos (donde se pueden encontrar vientos fuertes y olas importantes). Hero's Offshore ofrece seguridad y protección frente a condiciones extremas. Una gran entrada/abertura y un toldo autodesplegable permiten un fácil acceso a bordo y un rescate directo desde el interior de la balsa. Se agrega una grab-bag que incluye equipo de seguridad para actualizar a un paquete de rescate de más de 24 horas.
